## Datasheet

---

- > The highly reliable A4 monochrome systems for modern offices, with a speed of up to 52 pages per minute.
- > Both systems are true all-rounders which can print, scan, copy and fax. Based on sophisticated Toshiba technology they easily integrate into your network and workflows.
- > With a paper capacity of up to 3,100 sheets these models were designed to deliver excellent image quality even for during high volume jobs.
- > Cutting-edge data security is ensured thanks to the Toshiba Secure HDD, which protects confidential data from unauthorised usage.
- > Low power consumption and various settings to save resources help you be ecological and economical.

The e-STUDIO477s/527s are highly efficient and reliable monochrome A4 systems, which deliver outstanding document quality. Fine lines and tiny dots are reproduced with exceptional clarity and sharpness. Whether text or images, whether monochrome prints and copies or colour scans – the documents created with these systems will impress.

The state-of-the-art technology these models are based on ensures in seamless intergration into existing networks and utmost flexibility when it comes to adding software for more efficiency. At the same time the systems are intuitive to use and and easy to administer.

Environmental issues are becoming more and more important in today's world. Businesses try to reduce their impact on the environment and Toshiba helps achieve this. Duplex printing to save paper and energy save modes to reduce the power consumption are just some of the features of the e-STUDIO477s/527s to minimise the use of valuable resources. Both models fully comply with the ENERGY STAR® emission standards.
